

2025 By the Numbers

In the Olympic region...

138 re-entry clients
from Clallam and Kitsap County
jails referred to Olympic Connect.

Partnerships were made with re-entry programs to support people for a successful transition into their community and to help them live their healthiest lives.

27 learnings and convenings
hosted by OCH in 2025.

OCH brings diverse partners together in a wide variety of ways to build bridges and foster collaboration.

1,959 partner network relationships in 2025

In 2025, OCH repeated the partner network analysis survey to capture growth and re-evaluate opportunities for improved partnerships and relationships.

95% satisfaction rate
reported by Olympic Connect
clients upon discharge in 2025.

Reflecting on 2025

Miranda Burger
OCH Interim
Executive Director

"I'm really proud of the growth of Olympic Connect throughout 2025. Our partners and staff team leaned into innovation launching the hub. We have a lot of lessons learned from our first full year in operation and we are on a strong and positive path looking toward sustainability. I'm looking forward to developing OCH's next strategic plan and understanding what is important to our partners as we shape the next phase of OCH and our collaborative work."

Heidi Anderson
OCH Board of
Directors President

"One of OCH's accomplishments from the Board's perspective was the continued strengthening of partnerships and collaborative efforts to improve the health and well-being of our communities. Through a focus on shared accountability, innovation, and community-centered solutions, OCH advanced meaningful work to address barriers to care, improve access to services, and better align resources to meet the needs of the populations we serve."

Vision for 2026

Looking to the horizon

Meaningful progress requires intention, collaboration, and a shared commitment to move forward together. In 2025, OCH strengthened partnerships, building momentum as partners aligned workflows, procedures, and policies to better support local communities. Together, we are making progress to tackle health issues that no single sector or Tribe can tackle alone.

OCH's goals for 2026:

Continue implementing and evaluating Olympic Connect to become a high-functioning community care hub and align with funder mandates and local needs.

Launch development of OCH's next strategic plan, to be adopted at the 2026 Board retreat.

Get back to OCH's roots in health transformation and begin to broaden our project portfolio beyond Olympic Connect.

2025 Successes

Together, we made ripple effects and lasting change in the communities we serve:

The Olympic region celebrated 1 year of Olympic Connect, the community care hub serving the region. **Over 1,300 people enrolled** in 2025 and got connected to resources and services so they could thrive.

Over 700 resources were added to the Olympic Region Resource Directory, a locally curated collection of trusted, low or no cost resources.

OCH partnered with VillageReach to develop a **regional health needs assessment** that synthesized the findings from recent partner-led community assessments and highlighted health needs shared across the Olympic region.

Through a targeted Google Search ad campaign, Olympic Connect appeared in search results **35,507 times**, **generating 3,562 website visits** among individuals in the Olympic region actively seeking support.

Financial Overview

Incoming funds: \$7,664,699

\$6,475,257 From Washington State Healthcare Authority

\$975,000 From Washington State Department of Health

\$214,442 From U.S. Economic Development Authority

Funds distributed directly to partners: \$2,417,545

\$1,460,120 to 12 Olympic Connect care coordination partners in Clallam, Jefferson, and Kitsap counties. These partners employed the “trusted helpers” who worked with individuals and families to connect them to resources and services.

\$819,400 to 7 partners across the Olympic region through the Expand and Enhance Access to Social Care funding opportunity. These partner-funded projects built infrastructure to address needs such as food access, housing, and substance use disorder treatment.

The OCH Board of Directors allocated **\$138,025** to 11 local food banks across the Olympic region. Donations were used to purchase healthy, local food to support community members facing challenges to food access.
